Arbitration Panel, Seniority List Integration Dispute involving the Pilots of New American Airlines, Inc.

Re: USAPA Merger Committee

Gentlemen:

It has come to the attention of USAPA that USAPA Merger Committee Counsel unilaterally submitted its position of USAPA in regards to the McCaskill-Bond seniority list integration process and its party status under the Seniority List Integration Protocol Agreement. USAPA disavows any representations made in the letter that was submitted and the USAPA Merger Counsel has no authority to bind the Association or make any further representations on its behalf.

In addition, USAPA is currently weighing its options in regards to its further participation in the McCaskill-Bond process and may wish to participate at later date.

Sincerely,

President Steve Bradford
US Airline Pilots Association
President
